Self-Reflection on Careers

1. Imagine your life five years after you graduate from high school. What challenges do you want to solve? How does this relate to a career?
2. As you consider your future, what types of options after high school have you already explored (e.g., two-year college, four year college, certificates, trades, internships)?
3. What concerns or questions came up for you as you explored?
4. To achieve your career goals, how long are you willing to go to college or other type of training?
